Technical Information File Active Green Cleaner Tab (56.01.535)

Dear Sir or Madam,

Please find attached information for the Active Green Cleaner Tab (56.01.535):

- Composition of the tabs: The composition of the tabs are displayed in the Material Safety data sheet in chapter 3.
- Packaging: One bucket consists of 150 tabs. The data sheet for the bucket and material specification of the tab foil is attached to this statement.
The weight of one bucket with 150 tabs is 5.25 kg.
- EAN Code: 4040337565359

- A user guide for the use of the Active Green Cleaner tabs is shown in the operating manual of the iCombi cooking system in chapter 15 "Automatic Cleaning – iCareSystem"

- The production date, expiry date and batch number are displayed on every bucket. The expiry date is two years after the production date.

- Pictures of the bucket and tab:

Yours sincerely,

Steffen Hanselka
